Dear Ed, While I had anticipated there would
be a new edition of Executive Action after the
film, I did not anticipate that they would
add "Special Material" or credit Jaffe. Can you
please send me either the ad or a copy of the
part of the edition saying this and if you know
what does "new material" in a
movie? And from Jaffe? You are right on Lane's
capabilities, esp. as a showman...I did not see
reporting that Irvin dropped Pentagon angling
on White House story. Do you have it. Could
that be the mysteriously dropped paragraph
from printed (hearings) memo? How do I remember
that Nixon made a call to Colson which caused
Colson to ask Hunt to set up a Brenner break-in.
Do you recall the source...Your enclosure of a
book ad seems to be or Feenists books you ex-
cludes Hailstone. Whose ad, what source? Thanks,
